

New Richmond Community Library & Residences Construction Update: 1/13/2025

COMPLETED

Initial site excavation and soil compaction testing has been completed. Footings and the electric transformer pad are completed. Precast installation is complete. Underground plumbing, underground electrical, backfilling, and final grading was completed in the underground parking garage.

IN-PROGRESS / UPCOMING

Framing is underway on the stand-alone townhome building, and crews will soon move to the third floor.

Framing will begin soon on the second floor of the mixed-use building (above the library). Steel studwork has started and will continue for the next several weeks.
