

## New Richmond Community Library & Residences Construction Update: 1/29/2025

### COMPLETED

Initial site excavation and soil compaction testing has been completed. Footings and the electric transformer pad are completed. Precast installation is complete. Underground plumbing, underground electrical, backfilling, and final grading was completed in the underground parking garage.

### IN-PROGRESS / UPCOMING

Passersby will notice a large crane mobilized on the property for the next few months. Framing has started on the second floor of the mixed-use building (above the library) and crews are working on the roof of the townhome building. A favorable weather forecast for the next week should provide ideal conditions for a lot of visible progress to be made in the coming days.

### **LEASING INFORMATION – ARCHWAY RESIDENCES**

Three Sixty Real Estate Solutions is now pre-leasing! For more information, including floor plans and price information, please visit <https://archway.threesixty.bz/> or call them at 715-533-9203.
